\$397

What's the grant training schedule?

1. Start with your webinar
2. You have 7 days after the webinar to complete the 7-Day Funder Research Challenge
3. You have 30 days to watch the video tutorials and turn in your mock proposal for review

Why is the 60-minute webinar important? What will I learn?

The 60-minute webinar is important so that your professor can get to know you and your idea(s) for funding. Your professor will ask you questions to clarify your idea for funding. The webinar will also focus on funder research tips for you to get started in identifying potential private funders as well as instructions for the 7-Day Funder Research Challenge.

When is the webinar?

It is held on the date and time on your order form.

What if I'm unable to attend the webinar?

No worries. The webinar will be recorded and made available to all enrollees within 72 hours of the completion of the webinar.

How will I be able to tell my professor my idea for funding?

Immediately after enrolling, you will be redirected to a page where you will input your primary idea for funding for this particular training. This information is submitted directly to your professor who will review it before the webinar. Your professor will ask you questions to clarify your idea for funding during the webinar.

What's the 7-Day Funder Research Challenge?

It is an opportunity to take what you learn in the webinar and fine-tune your search to identify a good private funder match for your idea. Your professor will provide you with instructions during your webinar, and you will have a chance to ask any questions at that time.

When should I expect to receive the book that will be mailed to me?

Once your book is available (i.e., in stock), your order will be delivered within 5-9 business days within the U.S.
